SUMMARY

Front-End development specializing in building **responsive** and **user-friendly** web applications using **React** and **Next.js**. Experienced in developing modern interfaces, integrating APIs, and managing state using tools like **React Query** and **Context API**. Strong focus on **clean code**, **performance** optimization, and scalable component-based architecture. Passionate about creating seamless user experiences and continuously improving skills with the latest web technologies.

SKILLS

React

Redux Toolkit

Tailwind Css

Git

Next.js

React Query

CSS3

GitHub

JavaScript (ES6+)

Axios

Responsive Design

NPM

HTML5

REST APIs

Framer Motion

React Router

EXPERIENCE

PalSoft Technology Solutions

Palestine , Hebron

Jul 2024 – Sep 2024

- Contributed to building a booking web application during internship experience with core React concepts such as components, hooks, state management, and API integration
- Enhanced responsive UI, ensuring compatibility across mobile, tablet, and desktop devices
- Collaborated with a team using Git and GitHub for version control
- User interface design

EDUCATION

- Bachelor's Degree in Computer Engineering (IoT)
Palestine Technical University – Kadoorie

2021 - 2026

PROJECT

Smart Attendance & Safety System

- Built a role-based SPA with 4 user roles using JWT authentication and protected routes
- Implemented CRUD operations for 4+ students, teachers, classes and schedules
- Implemented bilingual UI (Arabic/English) with full RTL support using i18next
- Developed responsive UI with Tailwind CSS
- Implemented bilingual (Arabic/English) support with RTL using i18next

COURSE

The Ultimate React Course – Udemy

Online 84h

Jan 2026 – Present

- Worked with React Hooks (useState, useEffect, custom hooks)
- Built reusable and scalable components
- Managed state using Context API, Redux Toolkit, and React Query
- Built Single Page Applications (SPA) using React Router
- Applied performance optimization techniques
- Authentication with NextAuth
- User interface design
